Capacity (VA/Watts)1000/670

Dimensions WxDxH (mm)150x333x185

Weight (kg) 13

Input connectionIEC320/ 10A

Output connection 4xIEC320 10A

Typical runtime (Full load) 5 min

Operational

Nominal input voltage (Vac)220/230/240 Vac

Input voltage range184-276 VAC (+/-20% of nominal)

Operating frequency50/60 Hz auto sensing

Input power factorSame as load

Nominal output voltage220/230/240 Vac

Output voltage regulation-10%/+6% of selected nominal Voltage

Overload capacity110% 3 min; 150% 10 cycles

Efficiency95%

User interface

LEDFour LEDs; UPS on, UPS on battery, overload, alarm

Standard communication portsRS232

OptionalExternal SNMP adapter

Environmental

Operating Temperature0 to 40

Storage Temp-15 to 55

Altitude

Audible Noise
